5TH July 2019

UMDPC CIRCULAR NO. 21

SUBJECT: ACCUMULATION OF THE REQUIRED CPD CREDITS FOR 2020

Council informs you that it has put a platform for online licencing of practitioners and health facilities (ehealthlicences.go.ug).

The Practitioners will however need to accumulate 48 credits to qualify. Council further reminds you that there are waivers for some practitioners who belong to categories 3,4 and 5 of the CPD guidelines. These are practitioners are those in training of more than 6 months, academic teachers and health managers at the Ministry,Regions,Districts and NGOs.

UMDPC informs all accredited practitioners to submit their returns to enable the system work.

The UMDPC team will shortly move to the regions to sensitise the practitioners and the accredited CPD providers on the online licencing.

Dr Katumba Ssentongo Gubala/Registrar
